

# Improve Fleet Compliance & Performance with J. J. Keller's Encompass™

J. J. Keller's Encompass™ is the industry's most versatile online tool for improving driver and vehicle compliance and performance. With an Internet-based dashboard, it delivers a real-time view of critical fleet information. Plus, you can add our on-board recorder, that works with drivers' compatible Android™ devices or Windows® laptops, to automate E-Logs, electronic DVIRs, and additional in-cab performance reporting.

## Encompass™ delivers greater:

### Visibility

➔ Instantly verify that your fleet's compliant using the online dashboard, and receive alerts if it's not.

### Productivity

➔ Get tools for recruiting, driver screening, drug and alcohol testing, accident and maintenance tracking, Hours of Service, and more.

### Flexibility

➔ Quickly and easily share data with only the users you choose.

### Reliability

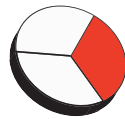

➔ Be confident Encompass™ is always current with regulations thanks to behind-the-scenes experts monitoring regulatory changes daily.

## Get Started in 4 Steps:

1. Choose the Edition that's right for you
2. Equip your drivers with compatible Android™ devices or Windows® laptops (data plan required)
3. Install EOBRs on selected trucks (one-time \$199 fee per EOBR)
4. Enjoy improved fleet compliance

## Encompass™ pricing for fleets with more than 25 drivers
